a⁴ Figs. 6A-6B illustrate a user interface view in accordance with one embodiment of the invention; and

Please replace the paragraph beginning at ~~page 27, line 24~~ with the following rewritten paragraph:

Sub B15
a⁵ Turning now to the client, the user interface (shown in Figures 6A-6B), is used to access bookmark and add bookmarks to the community's collection. Its appearance resembles the Windows Explorer. The client also enables the user to perform tasks such as editing the tree, assigning attributes to folders or bookmarks, opening a bookmark in the active browser window, and so forth.

Please replace the paragraph beginning at ~~page 28, line 21~~ with the following rewritten paragraph:

a⁶ Figs. 6A-6B illustrate the user interfaces where the containers (folders) and objects (bookmarks) are displayed.

Please replace the paragraph beginning at ~~page 28, line 24~~ with the following rewritten paragraph:

Q7 By the specific example of Figs. 6A-6B, the highlighted URL (entitled "the time zone page" (68)) is inserted to the highlighted folder find (69) and is assigned with the attributes "find" and "travel" (64), as shown in the status bar. The condition that is applied to the bookmark and the folder is as before, i.e. a bookmark is displayed if the attributes thereof are included in those of the folder and it does not appear in a sub-folder thereof.
